

A Diversity of Professional Paths

What are recent Conway graduates up to now?

Students arrive at Conway with a variety of backgrounds and a shared passion for the environment. During the program, they work on projects at the site design and planning scales. After graduating, they enter a range of professional fields. While some graduates work as landscape designers or planners for cities or firms, others work in interdisciplinary positions created to address pressing environmental and social challenges.

Talk with a Conway alum!

We encourage prospective students to talk with Conway alums about their experience in the program, and we are more than happy to make those connections. Reach out to admissions (admissions@csl.edu).
